EXECUTIVE SUMMARY

Final-year Informatics student at Universitas Pembangunan Nasional "Veteran" Jakarta and Bangkit Academy 2024 Graduate specializing in Mobile Development (Android) and Front-End Engineering. Proficient in building scalable applications using Kotlin, JavaScript, and Modern Web Technologies. Demonstrated leadership in technical organizations and seeking entry-level Software Engineer roles to deliver innovative digital solutions.

EDUCATION

Universitas Pembangunan Nasional Veteran Jakarta   Aug 2022 - Present
Informatics, Faculty of Computer Science | GPA: 3.91/4.00
- **Academic Projects:**
  - Developed a responsive e-commerce website using PHP and MySQL for backend operations, with a Bootstrap-based dynamic interface.
  - Built an Android movie ticketing app utilizing Kotlin for application logic and Firebase for real-time database management.
  - Created an image processing system using Python and OpenCV to detect and classify fruit maturity stages.

SMA Negeri 13 Jakarta   July 2019 – May 2022
Mathematics and Science (MIPA)

EDUCATIONAL EXPERIENCE

Mobile Development Cohort   Sept 2024 – Jan 2025
Bangkit Academy led by Google, GoTo, & Traveloka
- Selected from a competitive nationwide applicant pool for a Google-led intensive career readiness program (900+ hours).
- Mastered Android Development using Kotlin, focusing on clean architecture, UI/UX, and third-party library integration.
- Collaborated in a cross-functional team to deliver a final Capstone Project under the mentorship of industry experts.

ORGANIZATIONAL EXPERIENCES

Head of Web Development Class   Feb 2025 - Present
Kelompok Studi Mahasiswa (KSM) Multimedia UPN Veteran Jakarta
- Directed a team of 2 mentors to deliver a comprehensive Front-End curriculum (HTML, CSS, JavaScript) to a class of 28 students.
- Designed and managed interactive learning modules, hands-on assignments, and technical assessments to ensure student proficiency in web development.

Staff of Information and Technology   Jan 2025 - Present
Himpunan Mahasiswa Informatika (HMIF) UPN Veteran Jakarta
- Managed the "CodeVox" educational program by producing and editing technical video tutorials for the organization's YouTube channel.
- Collaborated cross-functionally to organize major department events and facilitated operational logistics.

SKILLS

Hard Skills: Kotlin, JavaScript, Python, HTML/CSS, ReactJS, Tailwind CSS, Node.js, MySQL, Firebase, Git/GitHub, Figma, Postman, Android Studio, Visual Studio Code.
Soft Skills: Leadership, Problem Solving, Critical Thinking, Teamwork, Time Management.
